Support Services

Middleton Grange has a large number of staff to help international students. They include:

- Director
- Assistant Director
- Office and administration staff
- Manager of Care Providers and Accommodation Agents
- Form Teachers

All these people work closely with international students ensuring leadership is identified and encouraged; learning support is provided; and that students meet a high standard of work and behaviour. There is also a strong home-school partnership where regular contact is kept with the student's parents and Care Provider and Accommodation Agent informing them of academic progress and general welfare of the student.
